The benefits of AB 68 which allows two ADUs on a single lot, as well as multiple ADUs on multifamily lots, also adds limits to certain design requirements that cities can impose on ADUs (accessory dwelling units), and requires ADU approvals be completed in 60 days. Senate Bill 50 was mentioned too. [However, it appears that bill may not have made it out of a “bloodbath” that occurred in the Spring with many bills dying.
